# 1 Management Summary

2025 was a very busy year for the foundation. H.R.H. Princess has been very active with her different (voluntary) roles, representing Burkinda Faso and the Least Developed Countries, supported by the H.R.H. Princess Abze Djigma Foundation.

In her roles as the co-chair of the PCCB, lead coordinator on Adaptation Stream on behalf of the G77 and China representing 134 countries over 5 billion people, and LDC coordinator on Just Transition she was a frequent speak in all kind of international meetings (see for some examples chapter 6 of this report).

The highlight of the year was the launch of The Mutirão and Burkindi Coalition Capacity Building Initiative, developed in collaboration between the COP30 Presidency including the troika COP28 – COP29, and the H.R.H. Princess Abze Djigma Foundation to contribute to the Baku to Bélém Roadmap $1.3Tr/year by 2035 resource mobilization, see chapter 5.

# 2 Introduction

The H.R.H. Princess Abze Djigma Foundation is active for 8 years. From the start the focus is to supporting the accelerating of access to affordable and sustainable energy in developing countries and to reduce poverty by providing and deploying energy solutions to women and youth so they can further empower themselves while tackling climate change issues. In the past year the foundation found out objectives that education, capacity building and on inspiring young people are the key enablers to reach the objectives.

In 2025 the Foundation supported H.R.H. Princess Abze Djigma on all kind of platforms and meetings to spread the importance of education, and capacity building while inspiring young people.

She reached numerous people and got confirmation of the important work the Foundation is doing via a number of high-level appointments:
- elected to represent he Least Developed Countries (LDC's) in the Paris Committee on Capacity Building, 47 countries with over 1 Billion people
- elected as co-Chair of the Paris Committee on Capacity- Building (PCCB)
- elected as Lead Coordinator if the Adaptation Committee on behalf of the G77 and China. Today a group of 134 member states + China.
- co-Coordinator of UNFCCC Work Programme on Just Transition Pathways on behalf of the LDC's

All the appointments above are unpaid. In most cases the costs are covered and when not, supported by the H.R.H. Princess Abze Djigma Foundation or the Princess herself

With fulfilling all these roles the H.R.H. Princess Abze Djigma Foundation has become one of the leading faces in preparing the global community on the impact of the climate change and the fast changing international landscape.

# 3 Background

The H.R.H. Princess Abze Djigma Foundation is independent, non-profit organisation. It is an expression of H.R.H. Princess Abze Djigma commitment to stand her responsibility as an African Princess to improve the life of the women and youth of the bottom of the pyramid including the informal sector.

The H.R.H. Princess Abze Djigma Foundation primary focus is (to accelerate) the roll out of the MAMA-LIGHT® Initiative for Sustainable Energy, a Worldwide program that provides access to affordable and sustainable energy for women, small business and children. It empowers the informal sector; it drives the generation of new jobs and it creates a sound basis for gender equality and women empowerment. The program is selected by the United Nations at the Solutions Summit at UN General Assembly in 2015 as one of the 14 breakthrough solutions for achieving the Sustainable Development Goals.

The H.R.H. Princess Abze Djigma Foundation supports the implementation of the Sustainable Development Goals (SDG's) and helps the Least Developed countries (LDC's), the Land Locked Developing Countries (LLDC's) and Small Island Developing States in implementing the Paris Agreement with realizing their Nationally Determined Contributions (NDC's) and with the MAMA-LIGHT® Carbon Offset.

The H.R.H. Princess Abze Djigma Foundation is fully independent and run its programs with and within local communities in developing countries with selected global and local organisations.

# 5 The Mutirão and Burkindi Coalition

## 5.1 Introduction

The Mutirão and Burkindi Coalition Capacity Building Initiative, has been developed in collaboration between the COP30 Presidency including the troika COP28 – COP29, and the H.R.H. Princess Abze Djigma Foundation to contribute to the Baku to Bélém Roadmap $1.3Tr/year by 2035 resource mobilization.

## 5.2 Outline

Capacity Building is the cross-cutting enabler to implement the NDCs 3.0, the NAPs the LT- LEDS, and to keep 1.5C alive.

Capacity building providers, businesses and trade partnerships will drive the change to a low carbon economy. Regulation matters. Notably complying with the Paris Agreement rules will require robust capacity building to strengthen institutional capabilities including for MSMEs and SMEs across the whole value and supply chains, and for formalizing the informal sector.

The COP30 Presidency announces The Mutirão and Burkindi Coalition Capacity Building Initiative, developed in collaboration between the COP30 Presidency including the troika COP28 – COP29, and the H.R.H. Princess Abze Djigma Foundation. The Initiative is led by the H.R.H. Princess Abze Djigma Foundation and operates under the umbrella of the Paris Committee on Capacity Building (PCCB) Network.

The Mutirão and Burkindi Coalition Capacity Building Initiative delivers through two integrated tracks: Adaptation and the Just Transition Work Program and contributes to achieving the Paris Climate Targets and the Sustainable Development Goals by connecting the minds, people, solutions, eradicating poverty for resilient communities: Bottom-up/top-down nexus approaches creating the future we want in and within local communities.

The core value is Resource Mobilisation and Capacity Building by leveraging on the diaspora experience and networks, local experts, African-descendant's experts/leaders, and the network of networks of African Royal House for SDG's forging a Global Alliance for business cooperation creating a safe smart and secure future leaving no one behind.

The Coalition is a cluster that allows and enables transformative change using human capital and capacity building as a catalyst for real economic empowerment, lowering the risks for investors and supporting credit readiness.

The Coalition supports the PCCB to fulfil its mandate and addresses current and emerging gaps and needs and ways to address them in implementing and further enhancing capacity-building efforts in developing countries. It will mobilize a catalytic accessible fund of 1 billion USD contributing to the rollout of programmatic projects, activities disseminated by country locally lead platforms for climate action and adaptation to achieving the Paris Climate Targets and Sustainable Development Goals.

## 6.16 H.R.H. Princess Abze Djigma's contributions to the Climate week in Addis Ababa

September 2025

The Implementation Forum in Addis Ababa brought together Party representatives and a wide range of stakeholders from the region and beyond, maintaining the global and inclusive scope of the Climate Week model. It provided a space for dialogue, capacity building, and the showcasing of actionable and locally-led solutions to advance implementation and ambition under the Paris Agreement.

H.R.H. Princess Abze Djigma had many great contributions.

# 6.18 Global RCE Conference in Okayama

October 2025

The 14th Global RCE Conference celebrated 20 years of impact and innovation by the RCEs. The conference reflected on the evolving role of ESD in addressing today's sustainability challenges, spotlight transformative RCE-led initiatives and explore new approaches to education towards a more inclusive, innovative and sustainable world.

H.R.H. Princess Abze delivered an highly appreciated keynote under the title: "Education for Sustainability Starts the Moment you are Born, wherever you are born".

Participants, including H.R.H. Princess Abze, visited learning spaces (a school, a university and a community learning center) to experience firsthand how education for sustainable development can drive local action to achieve the Sustainable Development Goals (SDGs).

# Notes to statement of income and expenditure

More and more the costs for attending conferences and international meetings are covered by the organising organisations. If not (fully) H.R.H. Princess Abze Djigma has paid the costs herself.

Anton Martens has been supporting/organizing the H.R.H. Princess Abze Foundation for free.
